Texas Pecan issues allergy alert on undeclared Tree Nuts (not named individually), soy, dairy(milk), sesame and wheat not named in product.

Texas Pecan of Dallas TX is recalling 1 Lb and 8 oz products because it may contain an undeclared allergen. People who have an allergy or severe sensitivity to( tree nuts, peanuts, almonds, brazils, cashews, filberts, macadamias, pistachios, pecans, pine nuts, walnuts, soy, dairy (milk), sesame and wheat), run the risk of serious or life threatening allergic reaction if they consume these products. This company has been in business for over 40 years and no sickness or allergic reaction has ever been reported to us.

This product could have been bought at our retail location or thru our web site([www.texaspecanco.com](http://www.texaspecanco.com)). It is only the 1 lb and 8 oz bags with lot numbers found on the bottom left corner ranging from 23200-23265 and 24001-24079. All bags are a clear poly bag with our Texas Pecan label on them. There have not been any reports of related illness or allergic reactions to any of the product ever purchased at Texas Pecan.

The problem came about with a routine check from the Texas Department of state and Health Services. When they inspected the packaging machine they decided that cross contamination was possible as our labels do states tree nut but each tree nut was not named individually. Our packaging machine is cleaned properly however our written documentation did not clearly state that.

If the consumer has any of these products they should either throw away or return to Texas Pecan for a replacement or full refund. Texas Pecan can be contacted at 972-241-7878 M-F 8:30-5 CST
